

I am happy to provide a reference for Dominic and his team who have completed a fantastic job for earlier this year. The work was done to give the property sell-a-bility and included, painting the entire house, wallpapering a bedroom, fitting a replacement radiator, fitting solid oak flooring through 2 rooms and painting exterior woodwork. He and his chaps were great - the work was done in 5 days, they tidied up each and every night and the standard of work was faultless. Some areas of the job were tricky but they found excellent ways to work with these issues and deliver an excellent finish. 100% happy with the job and would recommend Dominic and his team without hesitation. My house also sold quickly which I'm certain was a direct result of the work that had been done - Thanks Dominic, I'll be using you again!
