

I found Dominic by searching through the internet. The job was to Change the garage door, re-paint the bathroom and fully change and redecorate a shower cubicle (including plumbing tiling work), as well as other small bits and peaces around the house.

Dominic was quite good at arriving on time although he had to make quite long a journey to my house. He is diligent and tidy, and does a neat job.

I would not hesitate to recommend him.

Regards Taha Azizi
